

440 lb. Electric Hoist with Remote Control

Description

This remote-controlled, half-ton electric hoist lets you stand at a safe distance while you lift up to 440 lb. by remote control. With an electric hoist that lifts at a rate up to 26 FPM single, 13 FPM double RPM, the job gets done faster and more safely. Featuring a single cable length of 39 ft., this electric hoist is great for any shop or automotive garage loading heavy equipment or removing engines.

- Tethered remote control with power up/power down
- Weighted lift hook
- Sheaved pulley lift hook for dual line operation
- Durable braided steel cable
