## TERMOMETROS TAYLOR DIGITALES

### #1451

#### Digital Temp Indoor with Humidity

1 3/4" dual LCD shows indoor temperature and indoor humidity. Min/max memory recalls high and low readings. Displays temperature in °F or °C degrees. 2 AA batteries required (not included).

### #1452

#### Digital Temp Indoor/Outdoor with Humidity

1 3/4" dual LCD shows indoor and outdoor temperatures or indoor humidity. Min/max memory recalls high and low readings. Displays temperature in °F or °C degrees. 10 foot cord for outdoor temperature. 2 AA batteries required (not included).

### #1454

#### Digital Temp Indoor/Outdoor with Clock

2" dual LCD shows indoor and outdoor temperatures. Toggle to display clock. Min/max memory recalls high and low readings. Displays temperature in °F or °C degrees. 10 foot cord for outdoor temperature. 2 AA batteries required (not included).

### #1455

#### Digital Temp Indoor/Outdoor with Humidity

2" dual LCD shows indoor and outdoor temperatures and indoor humidity. Min/max memory recalls high and low readings. Displays temperature in °F or °C degrees. 10 foot cord for outdoor temperature. 2 AA batteries required (not included).

### #1457

#### Wireless Remote Sensor

0.5" LCD shows temperature. For use with models 1453, 1456, 1461, 1462, and 1463. 2 AA batteries required (not included).

### #1463

#### Digital Temp Wireless Weather System

4 line LCD shows indoor/outdoor temperature and humidity. Min/max memory recall. Barometric pressure with forecast icons. Alarm clock and calendar display. Displays temperature in °F or °C degrees. Use up to 3 remotes (one included). 2 AA batteries required for base unit and 2 AA batteries required for remote (not included).

## TERMOMETROS TAYLOR DE CONTACTO

### #6065- J

#### Classic Instant Read 1" Dial Thermometer

Instant read thermometer with a range of -40 C to 70°C. Durable stainless steel stem. Shatterproof plastic lens. Exclusive Safe-T-Set™ recalibration feature. Convenient pocket case.

### #9841

#### Classic Instant Read High Temp Digital Pocket Thermometer

Easy-to-read 3/10" LCD readout. High temperature range of -58°F to 500°F or -50°C to 260°C. On/off switch to prolong battery life. One second updates. Durable stainless steel stem. Pocket sleeve and extra battery included.

### #9842

#### 5\* Commercial Anti-microbial Instant Read Digital Thermometer

Easy-to-read LCD readout. Range -40°F to 450°F or -40°C to 230°C. °F/°C switchable. On/Off switch for long battery life. One-second updates. Durable stainless steel stem. Anti-microbial plastic storage case inhibits growth of pathogens. Waterproof. Recalibratable - complies with HACCP requirements

### #9848

#### 5\* Commercial Anti-microbial Waterproof Digital Thermometer

Compact waterproof digital thermometer. Easy-to-read LCD readout. °F/°C switchable. Range -40°F to 450°F or -40°C to 230°C. On/Off switch and auto shut off for long battery life. Hold and max features. Eight second response time with 2 second updates. Recalibratable. Durable stainless steel stem. Anti-microbial plastic storage case inhibits growth of pathogens. Includes lanyard and 1.5v LR44 battery. NSF approved.

## **TERMOMETROS TAYLOR INFRARROJOS**

**#9515L**

### **Infrared Thermometer**

Infrared thermometer with red laser sight for improved precision. Rugged, solvent-resistant housing. Convenient 6 second temperature hold. Works up to 100 feet. F°/C° selectable. -20° to 600°F. Includes vinyl belt loop case and 9-volt battery.

**#9520**

### **Infrared Thermometer**

Infrared thermometer with laser sight. Registers surface temperatures in half a second. Rugged housing with recessed optics. F°/C° selectable. -4° to 932°F or -20° to 500°C. Accuracy +/- 2°F over the HACCP critical range of 32° to 150°F. Resolution 1°F or 0.5°C. Emissivity preset at 0.95. 8:1 optics. Auto off feature. Includes vinyl carrying case and 9-volt battery.

## GRAFICADORES DE TEMPERATURA

## SECADOR DE MANOS

**Model XL-W**  
Surface-Mounted  
Automatic Hand Dryer  
White Epoxy Painted Cover

**Dimensions:**

11 3/4" LG. X 12 11/16" HIGH X 6 11/16" DEEP

(298 MM LG. X 322 MM HIGH X 170 MM DEEP)

**Weight:** 16 LBS. (7.3 KGS.)

Hand dryer motor shall be a series commutated through-flow discharge vacuum motor/blower (5/8 HP / 20,000 RPM) which provides air velocity of 16,000 LFM (linear feet per minute) at the air outlet and 14,000 LFM at the hands (4 inches [102 mm] below air outlet).

## DOSATRON

**Los medicadores de Dosatron son ideales para inyectar:**

- ☐ Antibióticos y vitaminas
- ☐ Electrolitos
- ☐ Cloro
- ☐ Peróxido de hidrógeno
- ☐ Vinagre/yodo
- ☐ Amoniaco
- ☐ Limpiadores y desinfectantes
- ☐ Suplementos nutricionales

Los medicadores y Cloradores de Dosatron dosifican en forma precisa antibióticos, cloro y una variedad de concentrados en forma líquida. Los medicadores de Dosatron han sido utilizados por más de 25 años por los mejores criadores de animales por que son la perfecta solución por su confiabilidad en la eficiente medicación de sus animales mediante el agua de beber. También son ideales para la higiene y el control de plagas en áreas de confinamiento.

Productos líquidos concentrados y solubles en agua son inyectados directamente dentro de las líneas del agua. Los medicadores compactos de Dosatron son fáciles de instalar dentro de nuevas o existentes líneas de agua, los medicadores vienen con su soporte y conectores universales. Los medicadores vienen con rata de inyección fija para las dosis comunes requeridas o vienen para ajustar en forma externa para mayor flexibilidad. Los medicadores son simples de operar y de fácil mantenimiento.
